# Bet a Buck

## Rules

### What is Bet a Buck?

Upon arrival you will “rent” your paddle(s).

The paddle gives you the right to bid on items.

When an item you want is up for auction, you will put the correct amount of dollar chips in the bucket and raise your paddle(s) in the air.

EACH paddle you wish to bid with must have the correct amount of chips put in the bucket!

(If you have three paddles and want to play all three paddles and the bid is \$1, you would then place 3 chips in the bucket and raise all three paddles in the air. If you have three paddles and only want to play one paddle, you

would only place one chip in the bucket and

only raise the one paddle you wish to bid with in the air)

**\$15 per paddle \$5 for each additional paddle (Per person)**
